A Blue Ant Problem!

- (1) Make a home with any **5 blocks**. Make sure **all** of the blocks are different colors.
- (2) Draw the home on **this** sheet.
- (3) Write a number sentence to figure out how many ants live in the home that you made.
- (4) Solve! How many ants fit in the home?

A large empty rectangular box with a black border, intended for drawing a home and writing a number sentence.
